

BUILDING A CULTURE OF WELL-BEING FOR ALL ...

The Scary Guy delivers training to the heart of your school community; reaching staff, students and parents with a memorable message and inspiration for change. His VisionHeart training programme provides the tools and techniques for all people to create a Powerful Mind; empowering and motivating people to become focused and centred in their own choices, and able to develop the positive behaviour habits that contribute to creating a great school community.

Having always been in and out of trouble in school and with the law, your training at my school had a lot of impact on me and I went about changing my attitude immediately.

- Nathan, Age 20, Hampshire Schools

CREATE A WHOLE SCHOOL POWERFUL MIND ETHOS

A key impact of Scary's training supports people to leave their learned reactionary patterns of thinking; helping people to not live as a victim of what they see and hear around them - dramatically reducing how people use anger, conflict, and negative self-talk.

I am so incredibly grateful. I don't want doubts to rule my world. You have helped me put a puzzle back together. Now I can climb! - Helena, age 15

REACH VULNERABLE & AT RISK STUDENTS

EQUIP YOUR TRAINEE & NQT TEACHERS WITH RESILIENCE & VISION

VisionHeart provides bespoke teacher professional development options for the individual, small group, conference and whole staff inset. With a focus on strengthening mindset and communication choices, teachers will gain the skills to lead from a calm state, aiding effective classroom management.

EMPOWER ALL OF YOUR TEACHERS TO LEAD OTHERS

Scary and Cathryn delivered training to myself and a cohort of other trainee teachers today; it's the first time I've left a professional training session feeling so motivated and reconsidering everything I thought I knew. Truly an amazing experience. It's been a successful two hours!

- Lauren, Trainee Teacher, Manchester
